

Distribution

DISTRIBUTION

Videovision Entertainment is among the leading independent film distributors, acquiring more than two thousand international films for distribution in South Africa over the last 25 years.

The company also holds a 50% stake in the specialist video/DVD distribution company, Next Entertainment, which holds the South African rights to numerous libraries, including National Geographic and popular children's programming among which are, Barney, Bob The Builder and Noddy. Next Entertainment also holds the South African distribution rights to home entertainment product from the 20th Century Fox and MGM stables.
